Medical.

Hoofland's German Bitters,
AND
HOOFLAND'S GERMAN TONIC.
The Great Remedies for all Diseases of the
LIVER, STOMACH, OR DIGESTIVE ORGANS.

Hoofland's German Bitters

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcohol or admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.
Those preferring a Medicine free from Alcoholic admixture, will use
HOOFLAND'S GERMAN BITTERS.
Those who have no objection to the combination of the Bitters, as stated, will use
HOOFLAND'S GERMAN TONIC.
They are both equally good, and contain the same medicinal virtues, the choice Letter in the two being a mere matter of taste, the Tonic being the most palatable.
The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as closely as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases
Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Forebodings of Evil, and Great Depression of Spirits.
The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skilfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC.
PREPARED BY *Dr. C. M. JACKSON,*
PHILADELPHIA, PA
Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.
These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers, etc.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, which assume a clear tone, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, will all find specific relief in the use of this BITTER or the TONIC, as either will impart new life into their veins, restore the energy and buoyancy of youthful days, tone up their shrunken forms, and give health and happiness to their declining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our community are at all times laboring under some debility, or in the enjoyment of "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.
To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.
Thousands of certificates have accumulated in the hands of the proprietor, in cases which have baffled the skill of first class Physicians, and of such startling, and apparently miraculous character, that they must be believed.

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.
Dr. Jackson—Dear Sir:—I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail, but on the whole, it will be very beneficial to those who suffer from the above causes.
Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates st.

FROM REV. E. D. FENDALL,

WOMAN'S WORK.

Darning little stockings
For restless little feet;
Washing little faces,
To keep them fresh and sweet,
Hearing Bible-lessons,
Teaching catechism,
Praying for salvation
From heresy and schism,
Woman's work!

Sewing on the buttons,
Overseeing ratlins,
Soothing with a kind word
Other's lamentations;
Guiding clumsy Bridget,
Coaxing sullen cooks,
Entertaining company
And reading recent books,
Woman's work!

Burying out of sight
Her own unhealing smarts;
Letting in the sunshine
On other clouded hearts;
Binding up the wounded,
Healing of the sick,
Bravely marching onward
Through dangers dark and thick;
Woman's work!

Leading little children,
And blessing manhood's years;
Showing to the sinful
How God's forgiveness cheers;
Scattering sweet roses
Along another path;
Smiling by the wayside,
Content with what she hath,
Woman's work!

Letting fall her own to-do
Where only God can see;
Wiping off another's,
With tender sympathy;
Learning by experience,
Teaching by example;
Yearning for the gateway,
Golden, pearly, ample,
Woman's work!

At last cometh silence—
A day of deep repose;
Her locks smoothly braided,
Upon her breast a rose;
Lashes resting gently
Upon the marble cheek;
A look of blessed peace
Upon her forehead meek.

The hands softly folded,
The kindly pulses still;
The cold lips know no smiling,
The noble heart no thrill;
Her pillow needs no smoothing.
She craveth for no care—
Love's tenderest entreaty
Wakes no responses there.

A grave in the valley,
Tears, bitter sobs, regret;
Another lesson taught,
That life may not forget;
A face forever hidden,
A race forever run;
"Dust to dust," the preacher said;
And woman's work is done.

WILLIE'S FAITH.

The Star & Sentinel.

Friday, Nov. 27, 1868.

Advertisers and Subscribers interested will bear in mind that the regular circulation of the "STAR AND SENTINEL" is much larger than that of any other paper published in the County, being read weekly by not less than 11,000 persons.

☞ Advertisements, to secure immediate attention must be handed in on or before Thursday morning.

NEW VOLUME.

With the present number we commence the sixty-ninth volume of our paper, the first No. of the "SENTINEL" having been issued in the year 1800 by the father of the present senior member of the firm. During the many years that have intervened since that date, the newspaper publication business has undergone many changes, and the "*Sentinel*," from a small sheet, 9 by 15 inches, four columns to a page, set in primer type, has grown to its present dimensions—its circulation steadily increasing, and to-day it can boast of a *bona fide* subscription, not only larger than at any previous date, but largely in excess of the circulation ever previously attained by any paper printed in the county, and larger than most of the weeklies in more populous and wealthy counties. For this substantial evidence of prosperity and popular favor, the proprietors feel duly grateful, and can only pledge their best efforts to make the "STAR & SENTINEL" in every respect worthy of the liberal support given to it. We have just gone through an important and protracted campaign during which its columns have been largely devoted to partizan topics. In future, we will have room for more varied and miscellaneous matter, and it will be our aim to get up a paper of sufficient interest to be acceptable to every reader and *sine qua non* in every intelligent family.

Our present subscribers can largely aid in increasing the circulation, with profit to themselves, as we allow a PREMIUM of 50 cents for each new subscriber, the premium to be credited on present subscriptions. In this way any of our present subscribers can pay for his paper one year, by simply getting four new names and forwarding the same, with the amount of subscription ($2 each) in advance.

TERMS—$2.00 Per Annum, In Advance.

☞ Any one of our present subscribers will receive a credit of 50 cents on his account for each new name he may send in with the amount of subscription, ($2.00) in advance—in other words, a PREMIUM of 50 cents for each new subscriber thus sent us.

The Baltimore *American* is exposing the inequalities wrought by the present Constitution of Maryland, which is based upon the delusions of slavery, and could scarcely be more anti-democratic if it had been dictated by the Czar of Russia. Those who were formerly slaveholders are recognized as a governing class, and each ballot they cast is counted in representation as equal to the votes of five of the citizens of Baltimore or any of the Western counties. Not only is this the case, but it provides for a further increase in the representation of the old slave-holding counties after the next census is taken.

The fourteen counties forming Southern Maryland had at the last census a white population of 130,275, whilst Baltimore and the seven counties forming Northern Maryland had 382,643.—These 130,275 Southern Marylanders, comprising about one-fourth of the white population of the State, have a larger representation in the Legislature than the 382,643 citizens of Northern Maryland.

The government must not be changed in character till the South fully submits, becomes law-abiding, and is willing to do justice to the black man, and till the national integrity is vindicated in the matter of the public debt. With GRANT's accession to office, prompt measures will doubtless be taken to enforce the law, punish crime, "crush out" assassination, and hang the guilty. This process will necessarily reduce the Copperhead vote in the South, but organized murder of personal or political foes, and denial of the right of free assemblage, and of freedom of speech and action cannot be permitted, *under any circumstances*, no matter who may be hurt.

A CORRESPONDENT writes to Gen. GRANT:

I was conversing with him of the expansion of the Western settlements; of the railways to the Pacific; and the grand results in that direction while the impious and rebellious South has pined and suffered.

"I think," said Grant, "that Providence must have had a hand in it, and prevented an earlier reconstruction of the South for two reasons: First, to keep the tide of emigration and enterprise flowing into the vast and productive West, and secondly, to punish the Southern people, through their own agency, for their unceasing errors."

The Mobile *Tribune* refers thus amiably to the election of GRANT:

May his entire head become a bleeding wart if he fails to grind his heel into the very hearts of the ruffians who have elected him.

It thus censures the Northern Democracy for not organizing and, by military power, compelling the election of SEYMOUR:

Knowing that the contest was one of life and death, the Northern Democracy ought, from the beginning of the campaign, to have acted on the offensive, and when it became apparent that defeat at the ballot-box was certain, *they ought to have pushed the matter beyond the ballot-box*. They ought to have organized in companies, regiments and brigades, and not have permitted the enemy to get off with the prize, in virtue of a decree rendered by such a concern as a prostituted ballot-box.

The most distinguished of living English philosophers whose political sympathies have brought him into relations with most of the conspicuous Americans who have visited Great Britian of late years, recently remarked to a friend, "all the hall educated Americans I meet are Republicans, all the really educated ones are Democrats"—*Democratic paper*.

Evidently, the "Five Points" Democrats, when they visit England, don't call on the English "philosopher."—They should.

LIBERAL ideas are progressing in England, as well as this country. At the late elections the Tories or Conservatives were beaten badly; and the Liberals were triumphant. The "Democratic" Conservatives of our politics occupy the same relation to us that the Tories do to English politics. Both are reactionary and retrogressive. They go down to a common grave, amid the acclaim of the *live* men of the world.

ONE effect of the revolution in Spain, will be the early abolition of Slavery in Cuba. Of course, the Monarchical party oppose it. The same party in this country, did a like thing here a few years ago.

GENERAL GRANT AND THE CHICAGO *TIMES*.

The Chicago *Times* (Cop.) having stated that there were reasons for supposing that Grant would "disappoint the Radicals," and that he was a person of well-known conservative antecedents, the Chicago *Tribune* replies:

General Grant was originally a *Whig*, dyed in the wool. His father was an Ohio Whig, his brothers were Whigs, the whole family were Whigs of the Harrison Corwin school of politics. The General was brought up a "Whig," and he remained a member of that party until it ceased to exist. He did not join the Republican party when it was first organized. He was a "Conservative" of Whig antecedents, from the introduction of the anti-Nebraska bill until the out-break of the rebellion—hoping against hope that the sectional controversies might be compromised, and the unappeasable slaveholders appeased. The General dreaded a civil war, and was willing to do almost anything to prevent it; but when the die was cast, and the Southern Democracy raised its parricidal hand against the Union, he hesitated not a moment as to what was his duty, but at once tendered his services in defence of the Union. From that day forward he has been a consistent Union Republican, and has been as radical as the average of that party. He will "disappoint the Radicals" in the future just as he has done the past—by doing more for the advancement of their principles of national unity and political equality than they had looked for or expected at his hands. General Grant is in the habit of telling the public what he intends to do by first *doing it*, and then let the people draw their own conclusions.

A correspondent of the N. Y. *Times* recently visited GRANT in Galena. In conversation, GRANT alluded to the terms granted by him to Gen. LEE, and remarked that "Lee thought that the southern people would be perfectly satisfied to give up all their property, and all they expected of the government was to be secured in life and a right to go back unmolested, to try to live industriously and peaceably in this government. *But as for ever having any voice again in the government, or exercising political rights, why they neither thought of nor expected any such thing.*"

THE LATE "ELECTION" IN LOUISIANA.

It is asserted that the State canvassers will throw out many of the election returns from New Orleans and country parishes, upon the ground of fraud, and violence used to intimidate voters. The Republican State Committee have issued an Address, descriptive of the operations of the Ku-Klux-Klan, which numbers 18,000 armed and drilled men in New Orleans alone:

Colored and white Republicans have been almost the only victims; hundreds of them have been killed to one of their political opponents. *Only Republican churches, school-houses, club rooms and residences have been sacked by lawless mobs. Over two thirds of the meetings of the State peaceable political meetings of the Republicans have been prevented or dispersed; prominent Republicans killed or driven from their homes, and a terror inaugurated unsurpassed by that of the rebellion.* Armed bands of Democrats, frequently disguised, have patrolled the roads in the country and streets of our cities, committing numberless outrages and killing Republicans with entire impunity. Colored ex-soldiers of the United States have been robbed of the arms which they carried in the field and purchased of the United States Government, and colored Republicans have been very generally "disarmed" in most of the parishes of the State, and in not one instance have lawless whites been deprived of their arms.

Our colored fellow-citizens have been robbed in numberless instances of their hard-earned money, and provisions and clothing, by armed patrols of Democrats claiming to be "conservators of the public peace." In St. Landry, Washington, and many other parishes, armed bands of Democrats have killed many Republican canvassers and driven the others from their parishes. They have also robbed colored men of their Republican tickets, and with violence and threats driven them to the polls, and forced them, in peril of their lives to vote the Democratic ticket.

It is very well known that in many parts of Louisiana the Republicans, white and black, dared not vote, and staid away from the polls, preferring to sacrifice the right of franchise to preserve their lives. A rebel paper of New Orleans publishes the return of twenty-three parishes, which gave an aggregate Democratic majority of 32,432. In eight of these not a solitary Republican vote was cast, and five others gave respectively one, nine, two, one and thirteen Republican votes.

We are authoritatively informed that during the past month about one hundred negroes were murdered in each of the parishes. We presume the election was a *quiet* one.

NATIONAL ENFRANCHISEMENT.

The Chicago *Times* objects to it, on the ground that "impartial suffrage levels downward. It refuses to recognize education and intelligence as more beneficial to the State than ignorance and brutality. It holds out to the latter no inducement to rise to the plane of the former; but compels the former to accept equality on the lower basis."

The *Tribune* responds to this petulant plea as follows:

"Then make it *impartial* suffrage; adopt an intelligence standard, and let all vote who can conform to it. Will the *Times* support that proposition? Is it willing to disfranchise the dense mass of ignorance and brutality in the Democratic party? Is it willing to purge the ballot-box of the dense ignorance and brutality which rules the city of New York, for example? Seymour's 72,000 majority in New York and Brooklyn was composed of an 'ignorance' as dense, and a 'brutality' infinitely worse than that to be found among the enfranchised blacks of the South. On what principles of right or justice shall the vicious, ignorant and besotted rabble of New York cast fifty or sixty thousand votes for the so-called Democratic ticket while the ignorant but law-abiding and morally inclined colored men of Kentucky, Maryland and Delaware are prevented from supporting the Republican ticket in those States?"

It is stated and can be proven that the Radical manufacturers of Pittsburg at the recent election marked the tickets of their workmen, and then marched them to the polls in gangs, with overseers to watch how they voted.—*Democratic paper*.

We have no means of knowing whether this statement is true; but we have lying before us the proceedings of a recent Republican meeting in Atlanta, Ga., which show how very "human" the Southern Copperheads are. It appears that they *compelled* their laborers to vote the Copperhead ticket, which accounts for Georgia giving SEYMOUR nearly 50,000 majority. One of the resolutions of the Atlanta meeting we commend to every one, as containing just principles applicable to every section and class:

Resolved, That the employment of landed wealth, or other capital, to coerce the laborer into voting against his preference, is a high crime against liberty; and we earnestly remonstrate with our Democratic fellow citizens who have so largely used this agency in the late election against persisting in a course which is condemned by every principle of justice, and will finally array labor and capital in pernicious hostility to each other."

THE "FATHER ABRAHAM," which was commenced as a campaign paper and had remarkable success, will be continued as a weekly, under the same proprietorship and management. It is conducted with spirit, skill, and ability, and will prove of service to the good cause. The publishers are Messrs RAUCH & COCHRAN, Lancaster, Pa., price, $1.50 per annum in advance.

OUR Democratic friends said there was no enthusiasm for GRANT in the country. Suppose there had been, what then would have been his majorities?

GENERAL NEWS.

The New Orleans correspondent of the New York *Democrat*—Brick Pomeroy's daily paper—in a recent letter shows how highly Booth is appreciated at the former city:

"Some time ago there was published in the La Crosse *Weekly Democrat* a splendid poetical composition named 'Our Brutus.' The piece evoked a great deal of comment at the time, and since, in all quarters of the country.—A short time ago, Mr. A. E. Blackmar, music publisher in this city, published the lyric with a perfect vignette of J. W. Booth on the title page, and a splendid composition of music on the leaves, and naming the *Democrat* as the author. That its appearance caused a flutter, you can well imagine, and that it has an immense sale need not be a matter of surprise to any one who understands the feeling that pervades this country."

The Mobile *Register* advises against GRANT's assassination, and gives a reason for it;

"The greatest misfortune that could happen to this country would be the death of General Grant and the succession to the Presidential chair of Mr. Colfax, for then chaos would have come again. Let us trust that a good Providence will spare us that calamity."

Which is, being interpreted, "Let us not raise up another Booth, for we have not another Andrew Johnson in reserve." So high and noble are the views of Southern Editors as to the sanctity of human life, and the right of a political foe to live! No such barbarians ever lived, in a civilized country.

GENERAL NEWS.

NEWS comes from Calcutta, now, in one day.

FACILITIES for a complete medical education and a university degree are now granted to women in Paris.

THE Central Lunatic Asylum, in Columbus, Ohio, was burned on Wednesday night, and several patients perished.

THE new railroad bridge across the Mississippi at Quincy has been completed, costing nearly a million and a half of dollars.

SOME Democratic politicians propose to divide the State of Pennsylvania into two States, making one Democratic and one Republican. It will hardly succeed.

THE statement comes from Arkansas that Hon. James Hinds who, with a companion, was assassinated Oct. 22, was shot by the chairman of the State Democratic Committee.

THE Superintendent of Public Instruction at Mobile says the whites are doing all they can to obstruct the measures for the education of the freedmen and that well-informed people would not be surprised at an outbreak at any time.

The Chicago *Tribune* says: It is worthy of note, as a matter of fact, and as a matter of justice, that at the election on Tuesday, for the first time, a large body of the Irish-born citizens of Chicago abandoned the Democratic ticket to vote for the Republican candidates.

WHY COAL IS SO HIGH!—A correspondent of the Pittsburg *Commercial* points out the dividends of a coal company which explains the high price of that article at this time. He says the Steubenville Coal and Coke Company is declaring dividends equal to ninety per cent. of the capital stock before it was "wanted."

THE Board of Trustees of Antietam Cemetery met in Philadelphia on Wednesday of last week. They suspended the consideration of the whole subject of the burial of Confederate dead until the annual meeting at Washington on the ninth of December, at which time and place the Commissioners of the Gettysburg National Cemetery will also meet.

HON. THOMAS H. BURROWES of Lancaster, has recently been elected President of the Pennsylvania Agricultural College. The committee of trustees on the selection of a farm in the Western portion of the State, to be connected with the operations of the Farm School, reported in favor of the purchase of one hundred and thirty acres adjoining the town of Indiana, in Indiana county, and Mr. White was authorized to examine the title to the land and report to the trustees on or before the tenth day of December next.

MRS. MARY E. HILL, a widow lady residing at the northeast corner of Tenth and Pine streets, Philadelphia, was murdered on Sunday evening by her son-in-law, George S. Twitchell, Jr., and thrown from a second-story window into the yard. The alleged murderer was promptly arrested, and his wife was yesterday taken into custody on suspicion of being concerned in the affair. The object of the murderers appears to have been to obtain possession of certain property in which their mother held a life estate, and which she refused to make over to them.

FEEDING AN INFANT WITH PINS.—The West Chester *Republican* of Tuesday says: About the middle of last week the wife of Mr. George Mercer, in this borough, discovered that her infant, aged about five months, was quite ill. She soon after observed that it passed several pins. The circumstance caused considerable alarm, and it was a mystery how so small a child could get possession of them. It was not until it had passed eight pins, three buttons, a printer's type, and found choking from a piece of coal that suspicions were aroused against the nurse, a girl some fifteen years of age. It seems that some days previous to the discovery of the passage of pins from the child, Mrs. Mercer had a difficulty with her nurse about her work. She went away, and was brought back by her mother, who, upon learning the cause of the difficulty, said she would take her daughter home, punish her and send her back. She did take the girl home, and afterwards sent her back to Mrs. Mercer, but whether the promised punishment was inflicted is not known. Some two or three days after her return, the passage of these foreign substances from the child were discovered.—The girl stoutly denies all knowledge or participation in the matter, but circumstances certainly point to her with a great deal of force. The little child is now doing quite well, and will probably suffer no very serious injury from the severe ordeal to which it has been subjected.

CHINESE VS. COLORED SUFFRAGE.—By the treaty just made with Mr. Burlingame, we give to the idol-worshipping Chinese the same rights of naturalization that are accorded to emigrants from England, Ireland and Germany. Hundreds of thousands of Chinese are settling on the Pacific Coast who retain all their heathenish doctrines, many of whom will take part in the next Presidential election. Democrats who oppose negro suffrage, on account of the color of their skin, voted in Congress to ratify this treaty, giving to the Chinese the rights that they deny to the negro, born and reared on American soil. Christian ministers, and strict members of the various churches, deny the right of suffrage to the negro, but welcome the Chinese, who is as abject a slave in his own country as the poor negro was here. The color of his skin is no lighter than that of one-third of the negro race, whose hearts are ten shades lighter. In intellect, civilization and all the capacity and willingness to improve, the negro is the peer of the Chinaman, and even in his present oppressed condition is more advanced in civilization than the latter will ever be. Still no objection is raised to giving the Chinaman, the poorest specimen of mankind that the human race can produce, all the rights and privileges of American citizenship. The limitation of suffrage to the white man is every day becoming a greater absurdity and a more heinous and unchristian wrong.—*Baltimore American*.

PHILADELPHIA AND GETTYSBURG RAILROAD.

ANNUAL REPORT.

As the readers of the *Compiler* have been regaled with a garbled account of the difficulty at the Republican meeting in East Berlin, Nov. 20, it is to be expected that there should be a plain statement of the facts in the case.

To show what superficial grounds are offered as justification of the outrageous conduct on that occasion, we have the statement: "The *facts* in the matter, as I understand, are these: a few days prior to the meeting there was a *report*," etc; etc. Now will the author of this interesting and impartial communication, explain to the community, and especially to the legal part of it, in what relationship *facts* stood to *reports*. To give the *facts*, we hear of a report "Truly the mountain was in travail and brought forth a *mouse*." How far would this correspondent get with such startling disclosures before an intelligent judge or jury?

But perhaps the *facts* will come in a succeeding article, and the "tornado" may yet visit us.

It is asserted that "the committee appointed by the Republican party * * * wrote to several of our neighboring towns, that a disturbance was expected," &c. It is likewise added, *gratis*, that they (the committee) were anxious to have a sufficient number of rowdies collected together to have a general rowdy 'bustification.'"—Now, if the vexacious author of this *reported fact* were only able to substantiate the correctness of his assertion he would be one step on his journey; but he forgets

"That pigmies are pigmies still,
Though perch ed on Alps,
And pyramids are pyramids in valor."

The invitation to delegations from neighboring towns to be present is regarded first grounds for accusation against the committee and they are by implication, charged with being the cause of the disturbance.

Pray, Mr. correspondent, adduce proof for this *reported fact*, for a defiance is hurled into your teeth. Don't be too modest, or forbearing, or even magnanimous, but give us the truth, the whole truth, and nothing but the truth. It is stated that there was no *foundation* for expecting a disturbance. It is cruel, and perhaps even ungenerous, to remind this impartial writer of the *chivalrous conduct*, which disgraced a Republican jollification at East Berlin in the fall of '63, shortly after those "onpleasantnesses" in New York city and at Gettysburg. He may also possibly recall a fruitless attempt to create a disturbance at the Republican meeting at East Berlin during the campaign of '66, which was cut short by a few *weighty* and *persuasive* arguments.

If, after the manifestations in '63 and '66 there was "no foundation" for a disturbance, will the worthy gentlemen state what he would consider a "foundation?"

Having thus disposed of the "without foundation" plank of this flimsy platform and proven it a "worse failure" *than the War for the suppression of the Rebellion*, it is proper to pursue the subject a little further and analyze the remainder of the communication. A few words will still suffice. It is stated that the meeting proceeded without molestation until an obscure remark was made. Does the gentleman forget the ominous "hums" and grunts which broke the quiet of the meeting prior to the use of said expression, and for the truth of which the gentleman, then on the stand and speaking will vouch?

And what did the separation of the meeting into two portions forebode, but a connected plan for a disturbance? It was but the bursting forth of the same spirit that honored Camilla, Ga., and New Orleans—a development of the spirit of lawlessness, outrage and turbulence, with which the Democratic party has teemed during the last six years. All those things did not brew in a single night, and the misrepresentations of this veracious correspondent are only offered as a plausible excuse for what every one admits to have been a most disgraceful scene. Out of respect for the honorable men of both parties in the village, nothing will be said of the shameful proceedings which followed the close of the meeting. Suffice it to say that the right of free discussion was ignored and that peaceable citizens in the exercise of a legal right were driven from the town.

Nor is it deemed necessary to reply to the scurrilous remarks made in regard to a respected citizen of that village. It is not strange that men who reverence and love the doctrines of Calhoun should jeer at "Jeffersonian Democracy;" especially when it is coupled with a stern devotion to "the dear old Flag," during long years of civil war. If "Jeffersonian Democracy" consists in adhering to the enemies of the Republic; domestic and foreign in levying civil war, in resisting the draft, in visiting the Queen's dominions during times of public necessity, then has he been recreant; but if it consists in a love for the Government and the great truths of the Declaration of Independence written by the immortal Jefferson, in the support of the war policy of the nation and in encouragement by word and deed during the darkest hours of this fearful struggle, then has he been faithful among the faithless found.

The respectable members of the Democratic party are not now, nor have they ever been, held responsible for this disturbance and they were so exonerated. They are above such meanness, as are all honorable men of all parties. Thus we consign to the tender mercies of the reader all that is left of *, hoping that hereafter he will not build his communication upon so baseless a foundation as a *report*.

It is published at $1.50 per year. Address W. W. HALL, M. D., Editor, 2 West 43d St., New York.

"YOUNG AMERICA."—This favorite juvenile periodical enters upon its third year greatly enlarged and improved. It is the most varied of all the juveniles, and well repays the investment of the small sum required for its possession. A diagram containing a full-sized pattern for cutting out the body of a Christmas doll is one of the attractions of the present number, which is, otherwise, full of good things. $1.50 per annum, with a premium. Publication Office, 473 Broad way, N. Y.

☞ The "*Phrenological Journal*" for December contains a great variety of interesting matter, illustrated and otherwise, of which the following is a sample: —Henri Rochefort, editor of the Paris *Lanterne*; Dr. Francis Williamson; Frau Marie Simon and her work on the battlefield; Archbishop Manning, the English Roman Primate; Rev. Dr. Stockton; Phrenology in the School-Room; The Body, what's its King? Earning a Wife; Notes on the Inhabitants of Brazil; Retrospection; Do as others do; Fair Haven Harbor; Miraculous Healing; An Ideal Chaldea; Religion and Nature; The Mink; Progress in Co-operation; A Reading solicited. A new Volume, the 49th, commences with next number. Subscribe now. Terms, $3 a year, or 30 cents a number. Address S. R. WELLS, 389 Broadway, New York.

☞ Christmas comes as usual once a year in the "*Riverside Magazine*" for December. The frontispiece is an original design by La Farge on the Wise Men of the East, —a fresh treatment of an old subject. Then a Christmas fancy, "The Vision of John the Watchman," leads off, and there are some verses on "How a Mouse kept Christmas," and so called "Bessie's Walk," with a pretty picture by M. L. Stone. "Two Lives in One," "Hunter and Tom," "A Year among the Indians," are three serials which are brought to an end, so as to leave the coast clear for the novelties promised in the next volume. Hans Anderson is to lead off the new number with a story, "The Court Cards;" and an account of the great story-teller, with personal anecdotes and illustrations, is promised, as well as a good many other things. A programme of the new volume, chock full of delights, is published, and with it a list of premiums and special terms. The Publishers announce that they will send with the magazine a brilliant picture by the famous Stephens, called "The Quack Doctor," to any one who sends them the full subscription price, $2.50. HURD AND HOUGHTON, *Publishers*, New York.

RAILROAD ITEMS.

A meeting was held at McConnellsburg, on the 14th inst., to consider measures for the furtherance of the projected Railroad from the Pennsylvania and Maryland line to Mount Union on the Penn. Central R. R. the same being a link in the Chesapeake and Lake Erie R. R., which is to connect the headwaters of Chesapeake Bay with Lake Erie. Col. Sifford, Noah Bowles, Jacob Rudy, and Peter G. Schlosser, Esqs., of Frederick county, Md., attended, urging the construction of the road as it would open a much shorter thoroughfare from the great Lakes to the Seaboard than any other road in existence, and hoped the citizens of Fulton and Huntingdon counties would cordially go to work and give a helping hand to press forward the work so energetically begun by our neighbors in Maryland.

A committee of five were appointed to solicit subscriptions, and they have issued an Address to the people of Fulton county.

AYER'S CATHARTIC PILLS,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required in every body as a cathartic, nor was ever any before so universally or so long in every country and among all classes, as this mild but efficient purgative. The obvious reason is, that it is a more reliable cure for more effectually disease than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its preparation. We have thus built upon it a reputation of excellence of their remarkable cures of the following complaints, but which cures are known in every neighborhood, and we need only put them before you to call to mind cases and conditions in all climates; among the four cold zones of the earth. Those who may be taken with safety by anybody. They are so entirely free from mercury, that no one can possibly take, while following directions, any harm can arise from their use in any quantity. Yet they are active in their power to cure all the formidable diseases of which they are recommended to cure. They purify the blood and invigorate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the system, bring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box for the following complaints, which these Pills speedily cure—

FOR DYSPEPSIA or INDIGESTION, LISTLESS- NESS, LANGUOR and LOSS OF APPETITE, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

FOR LIVER COMPLAINT and its various symptoms, BILIOUS HEADACHE, SICK HEADACHE, JAUN- DICE or BILIOUS SICKNESS, BILIOUS COLICS, and BILIOUS FEVERS, they should be judiciously taken with each case, to correct the disordered action or remove the obstructions which cause it.

FOR DYSENTERY or DIARRHŒA, but one mild dose is generally required.

FOR RHEUMATISM, GOUT, GRAVEL, PALPITA- TION OF THE HEART, PAIN IN THE SIDE, BACK or LOINS, they should be continuously taken, as required, to change the diseased action of the system—in which cases the remedy will show its wonderful power.

FOR DROPSY and DROPSICAL SWELLINGS they should be taken in large and frequent doses to produce the effect of a drastic purge.

FOR SUPPRESSION a large dose should be taken as soon as convenient after the disorder, to promote action and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous, where no sickness, derangement, or ailment exists, but is tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

HARPER'S BAZAR.

An splendid containing numerous full-sized pat- erns of useful articles for the paper every fortnight, and occasionally an elegant Colored Fashion Plate.

Harper's Bazar contains 16 folio pages of the size of *Harper's Weekly*, printed on superfine calendered paper, and handsomely illustrated.

Critical Notice of the Press.

Harper's Bazar continues to give, pictures, patterns, and a variety of matter of especial use and interest to the family circle, in dress, and housekeeping in all its branches; its editorial matter is also specially adapted to the circle it is intended to interest and instruct; and it has, in addition, a high literary character of merit. It is not surprising that the journal, with such good features has achieved in a short time an immense success; for something of its kind was desired by thousands of families, and its publishers have filled the demand.—*New York Evening Post.*

Whether we consider its claims as based upon the elegance and superiority of its paper, its typographical appearance, the taste and judgment displayed in its engravings, or the literary contributions contained in its pages, we unhesitatingly pronounce it to be superior in each and every particular to any other similar publication here or abroad.—*Phila. Legal Intelligencer.*

We know of no other English or American journal, of fashion that can pretend to approach it in completeness and variety.—*New York Times.*

It has the merit of being sensible, of conveying instruction, of giving excellent pabulum for every department, and of being well stocked with good reading matter.—*Washington Chronicle.*

☞To relieve from the terrible effects of running a nail in the foot of a man or horse, take peach leaves, apply them to the wound, confined with a bandage, and the cure is as if by magic. TEMPERANCE.—A Temperance Convention, to be made up of delegates from Churches, Colleges, open and close Temperance organizations, and other friends of the cause, will be held at Harrisburg, in February next. The Pennsylvania State Temperance Union, which grew out of a State Convention held in February, 1867, has been and still is doing good service in the Temperance cause. By report of its Secretary, recently made to its Board of Managers, it appears that nearly three hundred meetings had been held this year before the first of September, and the same good work is continued with increased effectiveness, since the obstacle of political agitation has passed away. The friends of temperance can improve the morals and increase the prosperity of their respective localities by having the Temperance question wisely agitated. Rev. Pennell Coombs, No. 515 Arch street, or William Nicholson, Esq., No. 115 South 7th st., Philadelphia, are ready to address public meetings in any part of the State upon application to them.

COURT DOINGS.—Under the new Act of Assembly, this week is devoted to Quarter Sessions business—the Civil causes being put down for next week.

Wm. A. Duncan, Esq., District Attorney elect, was sworn in on Monday, Mr. Cover, who has so satisfactorily discharged the duties of the office during the last three years, retiring.

The Grand Jury approved the petition for a Bridge over the Conowago on the road leading from Centre Mills to Hunterstown.

The Court djourned on Wednesday night to observe Thanksgiving day, and will sit again to-day. The following cases have been disposed of.

Com. vs. Frederick Klinard—Indicted for larceny of a Shot Gun and others articles, the property of George C. Carson, of Butlef township. The defendant is an Austrian, having been in the connty but three months, and plead guilty. Sentenced to four months and ten days in County Jail.

Com. vs. Joseph Craig—Indicted for Assault and Battery, on information of Thomas Haley. Ignored by Grand Jury, prosecutor to pay costs.

Com. vs. Joseph Zinkand—Complaint on part of wife for desertion and praying an order of maintenance. The case, after hearing of the parties, was settled by consent of Court—defendant promising in future to be a dutiful and faithful husband.

Com. vs. Sophia Devan and Martha Timbers—Assault and Battery. Indictment ignored, prosecutrix, Harriet Nelson, to pay costs.

Com. vs. Jesse Nelson—Assault and Battery. Indictment ignored, and prosecutrix, Martha Timbers, to pay costs.

Com. vs. Adam McElroy—Complaint by Susan C. McElroy for Assault and threats of personal injury. Settled by parties with consent of Court.

Com. vs. Christian Heidenrick—Indicted for Incentuous Adultery and Fornication with his step daughter. The Jury rendered a verdict of not guilty, and that the prosecutor, Anthony Zelner, pay the costs.

Com. vs. George Randel—Surety of the Peace, on complaint of U. M. Appler. The Court, after hearing the parties, dismissed the complaint.

Com. vs. Nelson Mathews—Assault and Battery, on information of George Pennington. Deft plead guilty, and was sentenced to pay a fine of $1 and costs.

Com. vs. Isaac E. Wilcox—Fornication and Bastardy, on complaint of Lydia Ann Blinzenger. *Nolle prosequi* entered with consent of Court.

Com. vs. Singleton Weldon—Indicted for larceny of Flour, Coffee, Blanket, &c., from Warehouse of Cobean and Bigham, in this place, in July last. There was some pretty sharp swearing in this case, but the Jury found the defendant Guilty of stealing the Flour. Sentenced to six months in the Eastern Penitentiary.

Com. vs. George Myers and William Myers—Indicted for larceny of two bridles and a horse collar, the property of John Ogden, in Hamiltonban township. Jury called, but the prosecuting Attorney stating that he had not sufficient evidence to convict, the Jury, under instruction of the Court, rendered a verdict of Not Guilty.

Com. vs. George Myers and William Myers—Indicted for larceny of Sleigh Bells, the property of Samuel Jacobs, of Franklin township. The Jury failed to agree, and were discharged yesterday morning.

Com. vs. Charles Messersmith and Nicholas French—Indictment for stealing two horses, property of John Waugh, of Hamiltonban township, in July last. The defendants are Baltimoreans and were traced to that city by officer Rouzer, who succeeded in arresting Messersmith, a German of about 60 years of age. Messersmith was found guilty, and sentenced 1 year and 3 months to Eastern Penitentiary. French has not been arrested. The evidence against defendant was entirely circumstantial, and officer Rouzer deserves much credit for the skill with which he worked it up.

NARROW ESCAPE.—A little son of D. W. Robinson, of this place, aged 7 years, came near being killed on Tuesday last. Mr. R. had detached the horse from a wagon which he had been using, and had mounted the horse to ride him round to the stable, as he had frequently done before. The horse however, for the first time ran off, and the lower undertook to jump off, but his foot catching in the lines, he fell on his head and was dragged some yards. He was picked up insensible, and Dr. Huber called in, when it was found he had received an ugly but not dangerous cut on the back of his head which bled freely. His injuries were not otherwise serious, and he is doing well.

KILLED.—We understand that Absalom Conrad, of Menallen township, was killed about two weeks ago in Georgetown, D. C., in a fracas with a man whose name we have not heard. We have looked in vain in our exchanges for particulars of the sad event. Mr. Conrad belonged to the 21st Pennsylvania Cavalry, during the war, and had personly served three full enlistments in the regular army. He was on his way to Washington, to try to receive admission into the Government Institution for old "regulars," and, stopping at night in Georgetown, became involved in the controversy in which he lost his life. His father resides in this county.

A BOLD VILLAIN.—On Monday afternoon last a stranger entered the stable of Wolf's hotel in this place, and took a horse which he claimed as his own, the hostler protesting. He left with the horse, and in a short time returned to the stable for his "comrad's horse." The man having no check and being unknown to the hostler, the latter gave the alarm, and the stranger immediately decamped. Officer Rouzer was sent for, and after some search learned that a strange horse had been tied to the fence on Railroad street, which proved to be the missing one, and the property of John Kretz, of the neighborhood of Littlestown—Wm. Ormon having rode him to town and put up at Wolf's. The thief is missing.

☞Prof. James G. Clark, the eminent vocalist and composer, gave an entertainment in Agricultural Hall on Tuesday evening, and fully sustained his high reputation. Prof. Clark is a christian gentleman, and in all his compositions addresses himself to the higher nature, avoiding all stage effect and the clap-trap to which many vocalists resort to cover up defective execution or wip popularity. His songs awaken a love of the beautiful and the good, and his execution of them is in harmony with their fine sentiment. The great secret of his success as a vocalist lies in his unaffected style, fine expression, admirable enunciation, combined with a voice of great sweetness, purity and power. "The World would be the better for it," "We're drunk from the same Canteen," "Where the Roses ne'er shall wither," "Children of the Battlefield," &c., as rendered by him on Tuesday night, were gems, full of sweet sentiment and deep pathos.

THANKSGIVING.—Yesterday being the day designated by the President of the United States and the Governor of the Commonwealth, for Thanksgiving, &c., business was suspended in this place the stores, public offices, &c., being suspended, the town presenting the quiet of a Sabbath. Union services were held in the morning in St. James' Church, Rev. Mr. Jamison, of the Associate Reformed Church, and Rev. Dr. Hay, of the Lutheran Church, delivering appropriate addresses.

SALES.—Nicholas Weaver has sold to David Bluebaugh a part of the old Presbyterian church lot, on Washington street, 90 feet front, for $800, on which Mr. B. is building a neat cottage.

We have in this sale a fair illustration of the rise in value of Real Estate in Gettysburg. About two years ago, Mr. Weaver purchased the lot in question, at private sale, from the Trustees of the Presbyterian church for $600. He has since sold off less than one half of the original lot for $1100.

Jacob Stock has sold his house and lot on Washington street to Jacob Benner and Daniel J. Benner for $2,000. Messrs. Duncan and Fahnestock have sold to Wm. Reily and Henry Reily two lots on York street for $240; a lot on same street to B. Franklin Myers for $140, and one of the "Eichelberger" houses on Chambersburg street to Henry McFadden for $1,200. Wm. A Duncan has sold a brick house and lot on West High street to Joshua Happoldt for $825.

The Assignees of Emanuel G. and Theophilus Eppelman have sold the Foundry in Bendersville to Enoch Routzahn for $1,700.

Conrad Myers has purchased from the Administrators the farm of John Spangler, deceased, in Reading township, 60 acres, at $55 per acre.

Jacob Geiselman has purchased the farm of F. M. Buddy, in Mountplesant township—56 acres, with improvements—at $3,850.

Richard Crouse has exchanged his farm of 170 acres in Freedom for property of heirs of James Cunningham, deceased, in same township, 10 acres with improvements—receiving $21 per acre for his farm, and paying $1100 for the Cunningham property.

Jeremiah Culp has sold to Aaron Sheeley 3 lots of ground on corner of Liberty and East Middle street for $1100 cash.

Susan Culp has sold to Jacob Eckert her house and lot on York street for $1475 cash.

Jacob King, Esq., has sold his Warehouse at Granite Station, on the Gettysburg Railroad, to E. Eckenrode for $2500.

THE VALUE OF ADVERTISING.—The Cincinnati *Commercial* has an excellent article on the management of newspapers, from which we copy the following passage in relation to advertising:

"The true theory is to charge enough for advertising to compress it into a limited space, and devote the greater portion of the *printed sheet to reading matter, that the Journal may possess the elements of popular interest, and be widely circulated, and in proportion as it is circulated the space becomes valuable to the advertiser.* A great many advertisers do not seem to understand this, plain as it may seem. They see only one or two copies each of a newspaper, and their personal sight being satisfied, they forget that while one journal has a hundred thousand readers daily, the other has perhaps but one or two thousand. 'Why, you charge more for the insertion of this notice than other papers do,' is a remark which we are accustomed to hear. To be sure we charge more. We plead guilty, and are rather proud of it. The only reason in the world why we do it is that our space is of more value than that of the other papers. We have a larger circulation and more readers than others, and hence higher charges are our right.

"This is the very essence of good sense and what is more, it is specially applicable to the Star and Sentinel. Our paper being the largest in the Congressional district, we have consequently more space than our neighbors, and while doing justice to advertisers we can devote a large portion of our columns to reading matter —thus making the paper attractive, and securing a circulation largely in excess of that ever attained by any paper in the county. Moreover, by excluding large cuts and unseemly stereotypes, and classifying advertisements under appropriate heads, advertisers are all treated alike, getting the space they pay for, none being buried up or hidden in a maze of out and ish cuts. To the advertisers they are accordingly of greater value, both by reason of arrangement and large circulation. We do not know that our advertising rates are higher than our neighbors; we do know that an advertisement in the "Star and Sentinel," reaching weekly at least eleven thousand readers, is worth a good deal more than the same advertisement appearing in a paper of one-half or one-fourth our circulation.

THE MORNINGGLORY.—Col. C. H. Buehler has received a large assortment of these famous base-burning Stoves, which on the score of economy, cleanliness, easy management, and general utility stand unrivalled and defy competition. The great demand for them last season taxed the capacity of the Manufacturers to meet the demand. They are much improved and will doubtless ere long take the place of all other stoves for parlor, office store and shop. Call and look at them, at the Wareroom on corner of Carlisle and Railroad street, opposite the depot.

Also, on hand a full assortment of the best varieties of COOKING STOVES, including the Spear, Noble Cook, Waverly, Oriental, Washing, Barley Sheaf, Prince Royal, Royal Cook, Excelsior, &c. &c., all WARRANTED to be good bakers. If not satisfactory, they can be returned and the money refunded. Also, a large assortment of Hollow Ware and Tin Ware. Doty's Washing Machine and Universal Wringer. Call and examine. tf

THE ORIENTAL COAL STOVE.—S. G. Cook has received another lot of these celebrated stoves, being the 3d lot this season, the great demand for the Oriental proves its excellence. It is by far the cheapest, handsomest and best base burning stove in the market, and becomes a favorite where ever introduced, a cheerful ornament in the parlor, a convenience in the dining room and a necessity every where. Being a self feeding, perpetual burner, economical in the use of coal, easily managed and possessing greater heating capacity than any other, it maintains its supremacy among base burners, as it fully deserves. Call and see it.

Cook has also a full supply of Cooking Stoves at reduced prices warranted to bake and give satisfaction in every respect, also a general assortment of articles suitable for Kitchen use, &c. Give him a call. tf

THE REASON.—The reason why Barrett's Vegetable Hair Restorative has a larger sale and is more popular than any other, is simple because it is the *best*. The reasons it is the best are: It is more easily applied. Its effects are more permanent. It contains no nitrate of silver or other poisonous substances. It thoroughly cleanses the scalp of all dirt, dandruff and other extraneous substances. It does not gum the hair. It absolutely restores the hair to its natural color, whether black or brown. It causes the hair to grow thick, luxuriant and glossy. It is a superb hair dressing. It is highly scented and does not stain the scalp or linen. It is not a Dye but a Restorative. These are the reasons why Barrett's is the best Hair Preparation in the world, as well as the reasons why every one should use Barrett's in preference to all others.—*Cincinnati Sunday Globe.* tf

☞The public will find at the new Grocery of J. G. Herbst's (Little's old stand) on West Middle street an excellent article of Lovering Syrup, which is the best for table use. Also a superior lot of choice Honey, with a great variety of Coffees, Sugars, Teas, Queensware, and all other articles usually found in a No. 1 Grocery. Call and see us. 1t

☞"Fair tresses man's imperial race ensnare, and beauty draws us with 'single hair.'" Ladies of this country, nowa-days are losing their magical tresses by the use of vile nostrums, or by neglecting to apply the proper remedy to preserve their beautiful charms. "Barrett's Vegetable Hair Restorative" is the only safeguard.—*Syracuse Journal.*

OUR CIRCULATION.—It may be a matter of interest to the general reader, and especially to advertisers, to know how widely the "Star & Sentinel" circulates. In looking over our mailing list, and grouping together the Post Offices to which our paper is regularly mailed, we find it covers no less than 834 offices, scattered throughout the various States and Territories, from Maine to California. We annex a list of these Post-offices. In the Adams county list, there are *seven* offices to which we send from 50 to 118 copies each—*ten* to which we send from 15 to 25 each—the others varying from 2 to 15.—This is exclusive of 385 copies circulated direct from the office of publication, in Gettysburg and vicinity.

ENGLISH FARM LABORERS.

Let Americans take new pride in their country as the asylum of the nations, while they read these outlines of a farm laborer's life in the west of England. The statement is from a paper read before the British Scientific Association, by a clergyman personally familiar with the facts of which he wrote:

Nowhere has the improvement of the agricultural laborer kept pace with that of the land owner, the farmer, and the land itself. In the west of England the condition of the laborer is very little improved, and in some respects is worse than it used to be. Wages are low; fuel and provisions are dear; education has become a necessary of life for a family; the poor-rate is so administered as to quench every feeling of independence. In the west of England an agricultural laborer had, till lately, only 7s. or 8s. a week, and now only 8s. or 9s., (about $2 gold).—Unless he is a horsekeeper or a shepherd, he has to pay out of this 7s. to 1s. 6d. or more a week for house rent, and provide food, clothing, medical attendance, fuel, and every other necessary for himself, wife and family. Potato ground he pays a high rent for, and fuel he seldom gets, except at the cost of as many hours of hard work in getting it as its full value. He has three pints or two quarts of cider a day, and has a portion of his wages often paid in quit, which, when corn is dear, is an advantage, but otherwise a loss to him. He is often not allowed to keep a pig or poultry, for fear of stealing food for them from his master.—He works nominally ten or ten and a half hours a day, with an hour and a half deducted for meals. He is almost always, however, in reality kept a much longer time than this, and is seldom paid anything for over-time, except by bread and cheese in harvest time. Women get 7d. or 8d. a day for out-door work, with a quart of cider, and boys small sums in proportion. The men breakfast before they leave home on tea-kettle broth, which consists of an infusion of bread and water, with a little milk, if, which is not often the case, it can be got. For luncheon and dinner, which they take with them, they have coarse bread and a little hard, dry skim-milk cheese, at 3d. per pound. For supper, on their return home, they have potatoes or cabbage, with a very small slice of bacon, sometimes, to give it a flavor. Butcher's meat they seldom see, except it is given to them. They are unable to lay by anything, and few comparatively belong to benefit societies.—They are long lived, but even in their prime are feeble, and at the age of 50 often crippled with rheumatism, the result of poor living, sour cider, a damp climate, hard work and anxiety combined. There remains nothing for them, then, but parish pay and the work-house.

[From the Practical Farmer.

FALL PLOUGHING.

In the last number of the "Practical Farmer" I notice an article (apparently editorial,) upon fall ploughing, which I wish to endorse to its full extent.

I do not think that our farmers properly appreciate the important benefits to be derived from turning down sod in the fall for the next season's corn crop. Having done more or less of it for years past, and having my land nearly all ploughed for next year's corn, I feel that I can speak from experience; and while I am satisfied in my own mind, would respectfully recommend this experiment to the Managers of the Eastern Model and Experimental Farm. Let alternate lands be ploughed spring and fall, and the *result carefully noted*, not for one year but for several years,—the corn on that ploughed in the fall will be found to be the most vigorous, to suffer the least from cutworm and insect pests, and by a combination of these and other favorable circumstances, will yield the best crop and least unsound corn.

Let those who doubt the benefits of fall ploughing carefully plough a small amount of their "corn-stalk" ground after the corn is off, and after throwing it into high narrow ridges leave it undisturbed all winter, and in the spring re-plough it or simply harrow down the ridges,—and after ploughing a like amount of the undisturbed ground —alongside plant both with potatoes, and carefully and accurately note the result;—having a pair of Fairbank's coal-scales convenient, I find they obviate the necessity for the usual plan of guessing at such results.

Nor is the increase in the crop all the advantage gained—for the farm teams are usually in good order for work in the fall, and though the days are short, yet they are cool; and I have found that I can accomplish as much as when the days are longer and warmer.

When done in the fall we get entirely clear of the usual "rush" of spring work, and are able to give more attention to preparing the ground and planting the crop.

As the question of the *relative* advantages of fall and spring ploughing for our various crops comes clearly within the province of the Experimental Farm, I hope we will hear of its trial there and have a definite result, which will have more weight than if from a private individual who is only a PRACTICAL FARMER.

BRAN FOR HORSES.—Bran for horses I find an excellent antidote to the constipating effects of corn meal. It is a regulator. Horses fed through the winter upon fine feed are liable to sickness in the spring.—This I avoid by feeding bran with meal, as it loosens the bowels. When the bowels are too loose, I feed upon meal alone to correct it. Sulphur is given by some, to cleanse out the system in the spring; but not approving the use of drugs—considering them more or less as poisons—I contrive to avoid them, believing no horse the better for taking them.—*Practical Farmer.*

[Answering the same purpose as bran, referred to by our correspondent above, we would also recommend for horses the occasional use of carrots. They keep the coat in fine condition through the winter; and aid digestion of other food.—Editor of Farmer.]

OATS.—Oats are, of course, a most important article in stable management; and these, as everything's horse eats, ought to be of the finest quality. It may be thought that the weight of oats is not a matter of great consequence, nor, in fact, is it to cart or common horse; but it is quite the reverse to such as we are particular about as to stamina, wind and condition. Horses are generally fed by measure, not by weight; consequently in giving light oats, we actually rob the horse of his proper quantum of meal, giving him husks instead; and if we fed him by weight, going on the principle that a pound of feathers and a pound of lead are both a pound, the principle would be a very bad one as regards oats; for in that case, though the horse gets his pound weight, if he gets an undue portion of it in husks he is only filled with that which is no use to him; so in every way light oats are bad for choice horses.

EARLY ROSE POTATOES.—There is a general agreement in all sections about the excellence and productiveness of this potato. John Palmer, in this vicinity and not far from Media, Delaware county, planted eleven pounds and gathered ten bushels of fine potatoes, some of them extra. Two specimens weighed 1¼ lbs. each, and several 1¼. We have seen nowhere else so large a production. Only ordinary cultivation was given them. The ground was manured all over, and then ploughed, the sets being dropped in furroughs three feet apart and eighteen inches in the row. So extraordinary a yield as this, without any appearance of rot or disease, speaks well for the Early Rose, and is a confirmation of accounts elsewhere.

BEEF,

IRON AND PURE BRANDY,

BY DR. HARTMAN,

Regular Graduate of the University of Pennsylvania. It will positively cure Consumption, Coughs and Colds, and all the ases of the Bronchial Tubes. It has cured, in the last year, of the above THOUSANDS of health who have been given up to die by the most medical regulars. If doubt, try it before the Consumption has fixed its fangs on you. Read Dr. Hartman's Treatise for the Sick and Children.

EACH BOTTLE CONTAINS TEN NUTRITIOUS PORTIONS OF BEEF, A POUND OF CHOICE BEEF.

The Cure of Consumption was first effected by the use of RAW BEEF and BRANDY in Essen, after which it was known as Essen's Cure. Dr. Hartman's Beef Iron and Brandy is a modern Essen's Cure for every form of Consumption.

It is a well known fact that perfect cures in such cases depend entirely upon the digestion of the food taken. In presenting this preparation to the public I feel confident that every afflicted one who reads this carefully and tries it according to directions, will find a single bottle that it is truly a most valuable medicine.
